for Boys & Girls

Child Care Plan

Pursuant to the Governor's Executive Order 202.4, school districts in NYS are required to establish and submit plans for the care of children of essential personnel across a wide array of critical professions and occupations that are necessary to protect and support the public. While Brighter Choice has not been asked to participate in Albany's district essential health care worker/first responder child care plan, we do want to inform families about child care supports that are available for health and emergency response personnel. Please see below information.

Child Care Resources for First Responders, Health Care Workers, and Essential Personnel

- If you are a first responder, health care employee, or other essential personnel working in response to COVID-19 and are in need of child care, call the YMCA @ 518-869-3500 to find child care in your community.
- You can also search online for child care at <https://ocfs.ny.gov>. If you are a parent or

caregiver who needs child care, you can complete the [parent need for child care survey](#) under the "Child Care" tab.
