

Brighter Choice Charter School for Boys Testing Plan

Testing Plan:

Brighter choice will follow CDC guidance and will work with the local health department to determine when individuals, particularly students, who screened positive for COVID-19 symptoms can return to the in-person learning environment at school. The following protocol includes:

1. Documentation from a health care provider following evaluation,
2. Negative COVID-19 diagnostic test result,
3. Symptom resolution as recommended by the Department of Health, or,
4. If a person is placed under mandatory quarantine by the local Health Department, they may not return to school until that quarantine is over.

Brighter Choice Families we will be provided a letter with this information as well as the following testing sites that are available in our area:

- **Urgent Care of Albany, Community Care Physicians, PC**

Urgent care center · Albany, NY · (518) 207-2299

COVID-19 testing center

Appointment not required

Referral not required

Tests limited to certain patients

Instructions: You can walk into the Urgent Care Center in Albany and become a patient to get tested for COVID-19. The testing would be performed at the mobile testing site in Latham of Community Care Physicians. Urgent Care sees patients of all ages, with one exception – we don't see newborns under 3 months old with fever as a symptom
