LT: I can identify the events that led to the creation of the UDHR. I can identify the need for the creation of the UDHR.

### A Short History of the UDHR

1. Throughout history, most societies have had traditions such as the Golden Rule. This means "Do unto others as you would have them do unto you."
2. The U.S. Bill of Rights came into effect in 1791 but excluded (did not apply to) women, people of color, and members of certain social, religious, economic, and political groups.
3. In 1919, the International Labor Organization (ILO) was formed to protect workers to be sure they stayed healthy and safe. But this organization didn't last.
4. During World War II (in the 1930s and 1940s), millions of people were killed by the Nazis. These people included Jews, gypsies, and people with disabilities.
5. President Franklin Delano Roosevelt gave a speech in 1941 about his vision, or dream, for the world. He said that everyone should have four freedoms: freedom of speech, freedom of religion, freedom from want (being hungry), and freedom from fear.
6. In 1945, after World War II, governments decided to start the United Nations. The goal of the United Nations (UN) was to foster peace and stop conflict, or fighting between countries, around the world.
7. In 1948, the Universal Declaration of Human Rights was written by people belonging to the United Nations. Fifty-six nations that belonged to the United Nations agreed to follow the ideas in this document.
8. Today, more than 185 nations around the world have taken the ideas from the UDHR and put them in their own constitutions. (Constitutions are the rules and laws of a country.)

## PRE-READING BIAS

DIRECTIONS: Write down "yes" if you agree with the statement, "no" if you disagree with the statement, and "???" if you don't have a strong opinion about the statement.

Yes = I agree

No = I disagree

??? = I don't know

BEFORE READING	STATEMENT	AFTER READING
	(1) Our lives would be better without pain. Roses would be better without thorns.	
	(2) Technological advancements have made it so we're no longer connected with the earth, and we should go back to the way things were.	
	(3) Anyone can build a successful life if they work hard enough.	
	(4) Wealthy people don't care for the poor people, and the wealthy can't be trusted to make good decisions that work for everyone.	
	(5) You can't be rich without having a lot of money.	
	(6) Starting over from scratch is a terrible waste of time, energy, and life.	
	(7) Citizens should trust their governments and should never hide what they are doing from the government.	
	(8) It is more difficult for a poor person to become rich than for a rich person to become poor.	
	(9) When poor people sneak into your country, your country should welcome them in so they can have a better life with more opportunities.

LT: I can analyze a proverb. I can make a prediction based on that analysis

**Proverb:** A saying that gives advice or speaks the truth

*He who falls today may rise tomorrow*

Fall Today	Rise tomorrow

*The rich person is richer when he becomes poor, than the poor person when he becomes rich*

Rich person becomes poor	Poor person becomes rich
