2a. ACADEMIC STUDENT PERFORMANCE GOALS

If the results are not available by August 1st, please list the goals and explain this in the "progress toward goal attainment" column. This task will reopen for the school to update and finalize by the November 1, 2014 due date.

2013-14 Progress Toward Attainment of Academic Goals

	Academic Student Performance Goal	Measure Used to Evaluate Progress	2013-2014 Progress Toward Attainment	If Not Met, Describe Efforts to be Taken
Academic Goal 1	Each year, 75 percent of 3rd and 4th grade students who are enrolled in at least their second year will score at levels 3 and 4 on the New York State English Language Arts assessment.	NYS ELA Assessment	This measure was not met. Grade 3 44% Grade 4 20% All 33%	BCCS-G shifted to a CCLS-aligned curriculum with Core Knowledge in grades K-1 and a heavier emphasis on EngageNY modules in grades 2-4. BCCS-G began the 2013-2014 school year with the Wonders curriculum in all grades, but transitioned to Core Knowledge midyear. This reflects the transition from an I-We-You model of instruction to a thematic and inquiry-based approach to instruction. There is also a greater focus on "understanding by design" when implementing this thematic, interdisciplinary approach to curriculum planning. In "understanding by design," teachers use themes and

				challenging problems to unravel answers across disciplines with deeper analysis and synthesis, rather than stopping at comprehension. This thematic approach allows for greater interdisciplinary connections. This gives greater purpose to learning while prompting scholars to become more engaged in learning.
Academic Goal 2	Each year, 75 percent of 3rd and 4th grade students who are enrolled in at least their second year will core at levels 3 and 4 on the New York State mathematics assessment.	NYS Math Assessment	This measure was not met. Grade 3 38% Grade 4 20% All 30%	The school shifted to the EngageNY Common Core math modules across all grade-levels. The teachers have focused on unpacking the modules to fully understand the shift in math instruction. The modules provide opportunities to actively engage with math. Staff has received training on the 8 Mathematical Practices, plus teachers have received training on how to effectively implement the practices in their classroom.
Academic Goal 3	Each year, 75 percent of 4th grade students who are enrolled in at least their second year will score at levels 3 and 4 on the New York State Science assessment.	NYS Science 4 Assessment	This measure was met. Grade 4 97%	
Academic Goal 4	Each year 5% more students in each grade will score at or above Level 3 on all State assessments.	NYS Assessment s	This measure was not met. Test 2013 2014 ELA 3 21% 44% ELA 4 17% 18% Math 3 53% 36% Math 4 22% 21% Science 4 100% 97%	Please refer to the aforementioned strategies.
Academic Goal 5	Each year, the percent of students who are enrolled in at least their second year and performing at or above Level 3 on the state English Language Arts exam in grades 3 and 4 will be greater than that of students in the same tested grades in the Albany City School District.	NYS ELA Assessment	This measure was met. BCCS-G Gr.3 44% Gr. 4 20% ACSD Gr. 3 16% Gr. 4 15%	
Academic Goal 6	Each year, the percent of students who are enrolled in at least their second year and performing at or above Level 3 on the state math exam in grades 3 and 4 will be greater than that of students in the same tested grades in the Albany City School District.	NYS Math Assessment	This measure was met. BCCS-G Gr.3 38% Gr. 4 20% ACSD Gr.3 15% Gr. 4 17%

2b. ORGANIZATIONAL GOALS

2013-14 Progress Toward Attainment of Organizational Goals

	Organizational Goal	Measure Used to Evaluate Progress	2013-14 Progress Toward Attainment	If Not Met, Describe Efforts to be Taken
Org Goal 1	Each year, Brighter Choice will demonstrate the support of parents, guardians, family members and the larger community by ensuring that average daily attendance exceeds an average of 90% over the course of each school year.	Attendance Rate	Brighter Choice Charter School for Girls achieved this objective. The average daily attendance rate was 91% in 2013-2014.	
Org Goal 2	Each year, in an annual survey, 85% of Brighter Choice parents will rate the school at the B level or higher in terms of the overall quality of education and the quality of support their families receive by the Brighter Choice teaching and administrative team.	Parent Survey	The school achieved this measure. 97% of our families have rated BCCSG at a B level or higher for the overall quality of education and the quality of support that they receive by BCCSG teaching and administrative staff.	
Org Goal 3	Each year, through the annual Parent Survey, 85% of parents and guardians will agree that Brighter Choice for Girls offers quality extra-curricular activities and opportunities to their students.	Parent Survey	Unfortunately, this question was omitted from the Parent Survey. The school staff has received positive feedback informally from the parents/guardians regarding the extra-curricular activities.

B. Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

1. Total Expenditures Per Child

To calculate 'Total Expenditures per Child' take total expenditures (from the unaudited 2013-14 Schedule of Functional Expenses) and <u>divide by</u> the count of students you reported on of BEDS Day. (Integers Only. No dollar signs or commas).

1. Total Expenditures Per Child Line 1: Total Expenditures	4608750
1. Total Expenditures Per Child Line 2: BEDS Day Pupil Count	267 🗆
1. Total Expenditures Per Child Line 3: Divide Line 1 by Line 2	17261

2. Administrative Expenditures per Child

To calculate 'Administrative Expenditures per Child' take the <u>relevant portion</u> from the 'personnel services cost' <u>row</u> and the 'management and general' <u>column</u> (from the unaudited 2013-14 Schedule of Functional Expenses) and <u>divide by</u> the BEDS per pupil count. The relevant portion that must be included in this calculation is defined as follows:

<u>Administrative Expenditures:</u> Administration and management of the charter school includes the activities and personnel of the offices of the chief school officers, the treasurer, the finance or business offices, the purchasing unit, the employee personnel offices, the records management offices, or a public information and services offices. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation.

Please note the following:

Do not include the FTE of personnel dedicated to administration of the instructional programs.

Do not include Employee Benefit costs or expenditures in the above calculations.

A template for the Schedule of Functional Expenses is provided on page 21 of the 2012 Annual Report Guidelines to assist schools identify the categories of expenses needed to compute the two per pupil calculations. This template <u>does not</u> need to be completed or submitted on August 1st as it will be submitted November 1st as part of the audited financial statements. Therefore schools should use unaudited amounts for these per pupil calculations. (See the 2013-14 Annual Report Guidelines in "Resources" area of your portal task page).

To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' <u>row</u> and the 'management and general' <u>column</u> (from the 2013-14 Schedule of Functional Expenses) and <u>divide by</u> the count of students as of BEDS Day. INDEPENDENT AUDITOR'S REPORT

Board of Trustees Brighter Choice Charter School for Girls Albany, New York

Report on the Financial Statements

We have audited the accompanying financial statements of Brighter Choice Charter School for Girls (a nonprofit organization), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Brighter Choice Charter School for Girls as of June 30, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of functional expenses on page 15 and the schedule of expenditures of federal awards, as required by the Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations on page 16 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subject to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 24 2014, on our consideration of Brighter Choice Charter School for Girls' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Brighter Choice Charter School for Girls' internal control over financial reporting and compliance.

Prior Period Financial Statements

The financial statements of Brighter Choice Charter School for Girls for the year ended June 30, 2013, were audited by other auditors whose report dated October 30, 2013, expressed an unmodified opinion on those financial statements.

1. ORGANIZATION AND PURPOSE

Organization

Brighter Choice Charter School for Girls (the "School") is a not-for-profit corporation, which was formed in 2001 in order to build and operate a charter school in the City of Albany, New York. The Brighter Choice Charter School for Girls, along with its companion charter school, the Brighter Choice Charter School for Boys (Boys School) were established to provide a quality educational alternative for at-risk elementary students in the City. The School and the Boys School are related to each other and the Brighter Choice Middle Schools for Boys and Girls as a result of shared governance.

Each charter school, authorized by Article 56 of the New York State Charter Schools Act of 1998, is an independent public school and in accordance with their charter and by laws, each school has a Board of Trustees and is an independent, discreet operating entity. The School participates in the Albany Charter School Network, which provides various support and technical assistance to area charter schools.

The School provides a broad and rigorous liberal arts education, including instruction on phonics-based reading, traditional mathematics, science, visual and performing arts, American and world history, and physical education. Students benefit from a longer school day and school year, which will provide them with an equivalent of two years of academic instruction over each of their elementary years.

A provisional charter, valid for five years, was granted to the School by the New York State Education Department in 2011. During the year ended June 30, 2014, the School had enrollment of approximately 266 students serving kindergarten through 4th grade.

2. ACCOUNTING POLICIES AND FINANCIAL STATEMENT PRESENTATION

Financial Statement Presentation

The financial statement presentation follows accounting principles generally accepted in the United States of America (U.S. GAAP) for not-for-profit organizations.

The financial statements report net assets and changes in net assets in three classes that are based upon the existence or absence of restrictions on use that are placed by its donors, as follows:

Unrestricted Net Assets

Unrestricted net assets are resources available to support operations. The only limits on the use of unrestricted net assets are the broad limits resulting from the nature of the School.

Financial Statement Presentation (Continued)

Temporarily Restricted Net Assets

Temporarily restricted net assets are resources that are restricted by a donor for use for a particular purpose or in a particular future period.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from temporarily restricted to unrestricted net assets. The School had \$0 and \$1,279 of temporarily restricted net assets for the purchase of musical instruments at June 30, 2014 and 2013, respectively.

Permanently Restricted Net Assets

Permanently restricted net assets are resources whose use by the School is limited by donor imposed restrictions that neither expire by being used in accordance with a donor's restriction nor by the passage of time. The School has no permanently restricted net assets at June 30, 2014 and 2013.

Accounts Receivable

Accounts receivable are carried at original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts on a monthly basis. Management determines the allowance for doubtful accounts by identifying troubled accounts and by using historical experience applied to an aging of accounts. Accounts receivable are written off when deemed uncollectible. Recoveries of accounts previously written off are recorded when received. An account receivable is considered past due if any portion of the receivable balance is outstanding for more than 90 days. Interest is not charged on outstanding accounts receivable. Management considers accounts receivable to be fully collectible. Accordingly, no allowance for doubtful accounts is required.

Inventory

Inventory consisting of food and food service supplies is recorded at the lower of cost, on a first-in, first-out basis, or market.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor imposed restrictions.

Contributions (Continued)

The School reports grants of cash and other assets as restricted support if they are received with stipulations that limit their use. When a restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions. The School reports restricted grants as unrestricted support whenever the restrictions are met in the same year the grants are received.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value Measurements

Fair value is defined as an exchange price that would be received for an asset or paid to transfer a liability (an "exit" price) in the principal or most advantageous market for the asset or liability between market participants on the measurement date.

Income Taxes

The School is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code, and the School is exempt from state income tax. The School has been classified as a publicly-supported organization that is not a private foundation under Section 509(a) of the Code.

The tax-exempt status of a tax-exempt entity is an uncertain tax position, since events could potentially occur that jeopardize the tax-exempt status. Management is not aware of any events that could jeopardize the School's tax-exempt status. Therefore, no liability or provision for income tax has been reflected in the financial statements.

Forms 990 filed by the School are subject to examination by taxing authorities for three years from the date of filing. Forms 990 filed by the School are no longer subject to examination for the fiscal years ended June 30, 2010, and prior.

Grant Revenue and Deferred Revenue

Grant revenue is recognized as revenue in the period in which it is spent. Amounts received under these grants that have not yet been spent are recorded as deferred revenue.

Property and Equipment

Property and equipment are stated at cost, net of accumulated depreciation. Donations of property and equipment are recorded as support at their estimated fair values on the date of donation. Donations of property and equipment are recorded as support at their estimated fair values. Expenditures for acquisitions, renewals, and betterments are capitalized, whereas maintenance and repair costs are expensed as incurred. When equipment is retired or otherwise disposed of, the appropriate accounts are relieved of costs and accumulated depreciation, and any resultant gain or loss is credited or charged to the change in net assets.

Long-lived assets to be held and used are tested for recoverability whenever events or changes in circumstances indicate that the related carrying amount may not be recoverable.

Depreciation is computed using the straight-line method over the following estimated useful lives:

	Years
Building and Improvements	40
Furniture and Equipment	3-10
Textbooks	3
Instruments	5

Revenue Recognition

A substantial portion of the School's revenue and related receivables is derived from its arrangement with the local School Districts, which reimburse the School based on per capita enrollment. These revenues are recognized ratably over the related school year during which they are earned.

Revenue from other governmental sources generally represents various entitlements and is recognized as earned when allowable expenditures are incurred.

Allocation of Expenses

Directly identifiable expenses are charged to program and supporting services. Expenses related to more than one function are charged to program and supporting services using specific allocation methods. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the School.

Subsequent Events

The School has evaluated subsequent events or transactions as to any potential material impact on operations or financial position that existed at the financial statement date through November 24, 2014, the date the financial statements were available to be issued. No such events or transactions were identified.

Reclassifications

Certain 2013 items have been reclassified to conform to 2014's financial statement presentation.

3. PROPERTY AND EQUIPMENT

Property and equipment consists of the following:

	<u>2014</u>	<u>2013</u>
Land	\$ 110,000	\$ 110,000
Building and Improvements	7,777,411	7,695,162

Property and Equipment, Net	<u>\$ 6,402,008</u>	<u>\$ 6,462,292</u>

Depreciation expense was \$240,841 and \$235,364 for the years ended June 30, 2014 and 2013, respectively.

4. DUE FROM RELATED SCHOOLS

The School, along with its companion charter school, the Boys School, share various facility related costs which are typically allocated equally. The School, the Boys School and the Brighter Choice Middle Schools for Boys and Girls share various program, supporting service costs and a common Board of Trustees. Those costs are allocated proportionately to the services provided. Due from related schools consist of the following:

		<u>2014</u>		<u>2013</u>
Brighter Choice Charter School for Boys	\$	314,681	\$	79,599
Brighter Choice Middle School for Boys		18,407		9,256
Brighter Choice Middle School for Girls		69,840		9,307
Total	<u>\$</u>	402,928	<u>\$</u>	98,162

5. BONDED MORTGAGE PAYABLE

The School's facilities, together with the facilities of the Boys School, are jointly owned by the two Schools. The facilities were acquired through financing provided by the City of Albany Industrial Development Agency (IDA) in March 2007. The IDA issued taxable and tax-exempt Civic Facility Revenue Bonds totaling \$18,490,000 to acquire and renovate the facilities of the two Schools. The Schools acquired the facilities from the IDA through an installment sale agreement which provides for the Schools to make installment purchase payments in amounts sufficient to pay the principal of, premiums on, and interest on, the bonds when due. Under the installment sale agreement, each School is jointly and severally obligated to make the installment purchase payments. The installment sale agreement is collateralized by a first mortgage lien and security interest in the land, buildings, and equipment of the Schools' facilities.

Each of the Schools initially recorded 50% of the total cost of the facilities' acquisition and renovation as well as 50% of the installment purchase agreement liability in 2007.

Maturities, remaining principal amounts, and interest rates of the bonds (and underlying installment purchase agreement), as allocated to the School, are as follows:

	<u>2014</u>	<u>2013</u>
4.55% Term Bond, Series 2007A due April 1, 2015	\$ 210,000	\$ 410,000
4.50% Term Bond, Series 2007A due April 1, 2018	682,500	682,500
5.00% Term Bond, Series 2007A due April 1, 2020	510,000	510,000
5.00% Term Bond, Series 2007A due April 1, 2027	2,230,000	2,230,000
5.00% Term Bond, Series 2007A due April 1, 2032 5.00% Term Bond, Series 2007B due April 1, 2037	2,127,500 2,712,500 8,472,500	2,127,500 2,712,500 8,672,500
Current Portion on Bonded Mortgage Payable	<u>210,000</u>	<u>200,000</u>
Total Bonded Mortgage Payable, Less Current Portion	<u>\$ 8,262,500</u>	<u>\$ 8,472,500</u>

The School is contingently liable for the same amount under the portion of the installment purchase agreement obligation recorded on the books of the Boys School.

The following is a summary of maturing debt service requirements for the fiscal year ending June 30,

2015	\$ 210,000
2016	\$ 217,500
2017	\$ 227,500
2018	\$ 237,500
2019	\$ 250,000
Thereafter	\$ 7,330,000
	\$ 8,472,500

Total interest was \$423,724 and \$432,593 for the years ended June 30, 2014 and 2013, respectively.

5. BONDED MORTGAGE PAYABLE (CONTINUED)

In September 2011, the School and the Boys School negotiated an amendment to the financing agreement. The amendment added covenants for a liquidity requirement of maintaining days cash on hand of not less than twenty days as measured semi-annually and for maintaining a debt service coverage ratio of at least 1.10 to 1 as measured annually. Both covenants are calculated using information aggregated from both schools. The debt service coverage ratio was not met for the years ended June 30, 2014 and 2013. According to the amended financing agreement, in the event that the School does not comply with either of the covenants, it must engage a Management Consultant to review the operations of the School and deliver a report detailing the reasons for the failure to comply with the financial covenants by the end of the next testing date or (2) a conclusion that the School is operating the project as efficiently as possible and that changed circumstances prevent the School from being able to comply with the financial covenants. The School retained a management consultant and received a report during May 2014. The School will take the necessary actions to comply with the requirement as a result of not meeting the covenant as of June 30, 2014.

6. DEFERRED FINANCING COSTS, NET

Deferred financing costs consist of bond closing costs incurred in connection with tax-exempt and taxable Civic Facility Revenue Bonds issued by the IDA.

Bond closing costs are being amortized using the straight-line method over the term of the obligation. Accumulated amortization was \$90,306 and \$77,850 at June 30, 2014 and 2013, respectively.

Amortization expense was \$12,456 for both of the years ended June 30, 2014 and 2013.

Estimated amortization expense is \$12,456 for each of the next five years.

7. BONDED MORTGAGE PREMIUM, NET

Bonded premiums received in connection with tax-exempt and taxable Civic Facility Revenue Bonds issued by the IDA are amortized using the effective interest method over the term of the obligation.

Premium amortization charged to operations as a reduction of interest expense was \$2,368 and \$2,258 for the years ended June 30, 2014 and 2013, respectively.

8. BOND TRUST ACCOUNTS - RESTRICTED

The School has entered into a custody agreement with Manufacturers and Traders Trust Company as Custodian and as Trustee. Debt service reserve represents funds held by Manufacturers and Traders Trust Company in the name of the School. The School will direct educational aid payments to be deposited with the Custodian. The Custodian will pay the Trustee, for deposit in the Debt Service Fund, an amount equal to a proportionate share of the next interest payment and principal payment on the Bonds for which funds have not already been provided. Any funds remaining with the Custodian following such transfers will be transferred to the School.

In connection with the bonded mortgage with the IDA, the School is required to maintain bond trust accounts which are administered by Manufacturers and Traders Trust Company. The underlying investments in the bond trust accounts at June 30, 2014 and 2013, consist of money market funds.

Bond trust accounts consist of the following:

	<u>2014</u>	<u>2013</u>
Debt Reserve Fund	\$ 609,024	\$ 609,131
Bond Fund	106,821	128,692
Educational Aid Fund	104,879	104,886
Renewal and Replacement Fund	 52,560	 3
-	\$ 873,284	\$ 842,712

The School has entered into a collateral agreement for bond trust accounts not covered under federal deposit insurance. Cash is fully insured and collateralized under the bond trust accounts as of June 30, 2014 and 2013.

9. EMPLOYEE RETIREMENT PLAN

The School has a 403(b) tax-deferred annuity retirement plan, which is funded by contributions from both the School and its employees. The School's contribution ranges from 2% to 6% of eligible employees' salaries based on years of service. Pension expense was \$89,862 and \$80,862 for the years ended June 30, 2014 and 2013, respectively.

10. COMMITMENTS AND CONTINGENCIES

The School maintains cash balances in a financial institution located in the northeast. Accounts at this institution are insured, up to certain limits, by the Federal Deposit Insurance Corporation (FDIC). At times, the School has bank deposits in excess of amounts insured by the FDIC. However, at both June 30, 2014 and 2013, the School had no uninsured cash balances.

10. COMMITMENTS AND CONTINGENCIES (CONTINUED)

In the normal course of business, the School is, from time to time, subject to allegations that may or do result in litigation. The School has general liability insurance to cover potential claims. Based upon the advice of counsel, it is the opinion of management that any liability that may arise from such actions would not result in losses that would materially affect the financial position of the School or their change in net assets.

The School is subject to audits and reviews of reimbursable costs by various governmental agencies. The outcome of the audits and reviews may have the effect of retroactively increasing or decreasing revenue from various sources. These changes, if any, will be recognized in accordance with the rules and guidelines established by the various funding sources.

11. CONCENTRATION OF RISK

The School receives a substantial portion of its funding from school districts where the School's students reside and federal funding services. Two payors and one payor constituted 74% and 78% of total revenue and support for the years ended June 30, 2014 and 2013, respectively. The receivable from these payors made up 50% and 80% of the total due from other governments as of June 30, 2014 and 2013, respectively.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) has been prepared in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* The purpose of the Schedule is to present a summary of those federal activities of the School funded by the federal government or passthrough entities for the year ended June 30, 2014, using the accrual basis of accounting. For purposes of this Schedule, federal awards include assistance provided by a federal agency directly or indirectly in the form of grants, contracts, cooperative agreements, loans and guarantees, and other non-cash assistance.

Relationship to Financial Statements

Federal award revenues are reported in the School's financial statements as federal aid. The School's financial statements are presented using the accrual basis. The Schedule presents only a selected portion of the activities of the School. It is not intended to, and does not, present the financial position, statement of activities, or other changes in net assets of the School.

Direct and Indirect Costs

Expenditures for direct and indirect costs are recognized as incurred using the accrual method of accounting and in accordance with OMB A-122, *Cost Principles for Non-Profit Organizations*. Under those cost principles, certain types of expenditures are not allowable or are limited as to reimbursement.

2. SUBRECIPIENTS

The School administers the Child Nutrition Program for both Brighter Choice Charter School for Girls and Brighter Choice Charter School for Boys. ("BCCSB").

Federal Aid Reported in the Statement of Activities	\$ 416,868
Child Nutrition Program for BCCSB	 252,746
Total Expenditures of Federal Awards	\$ 669,614

3. NONCASH ASSISTANCE

There were no federal awards expended in the form of noncash assistance by the School during the year ended June 30, 2014.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees of Brighter Choice Charter School for Girls Albany, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Brighter Choice Charter School for Girls (a nonprofit organization), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 24, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Brighter Choice Charter School for Girls' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

We did issue a separate letter dated November 24, 2014 which reported a number of management comments.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Brighter Choice Charter School for Girls' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Trustees Brighter Choice Charter School for Girls Albany, New York

Report on Compliance for Each Major Federal Program

We have audited Brighter Choice Charter School for Girls' (the "School") compliance with the types of compliance requirements described in the U.S. Office of Management and Budget *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on the School's major federal programs for the year ended June 30, 2014. The School's major federal program is identified in the summary of independent auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the School's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on School's compliance.

Opinion on Each Major Federal Program

In our opinion, the School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of the School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning our audit of compliance, we considered the School's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control other compliance with a type of compliance is a not explicit deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

010100860830 BRIGHTER CHOICE CS-GIRLS

An Appendix E: Disclosure of Financial Interest Form must be completed for each active \Box Trustee who served on the charter school's Board of Trustees during the 2013-14 school \Box year. Trustees are at times difficult to track down in the summer months. Trustees may complete \Box and submit at their leisure (but before the deadline) their individual form at: \Box

http://fluidsurveys.com/surveys/vickie-smith/appendix-e-trustee-disclosure-form/. Trustees may download and/or email their forms to you upon completion.

Trustees who are technologically advanced may complete the survey using their smartphones or \Box other mobile devices by downloading the this bar code link to the \Box surveyhttps://fluidsurveys.com/account/surveys/540612/publish/qrcode/. (Make sure you have \Box the bar code application reader on your phone). \Box

If a Trustee is unable to complete the form by the deadline (i.e, out of the country), the school is \Box responsible for submitting the information required on the form for that individual trustee. \Box

Just send the links via email today to your Trustees requesting that they each complete their \Box form as soon as possible. \Box Thank you. \Box

Yes, each member of the school's Board of Trustees has received a link to the Disclosure of \Box Financial Interest Form. \Box

Yes

Thank you.

Introduction of Pasek Consulting (Charter Renewal Services)

Mr. Pasek provided the board an overview of their work with the Brighter Choice schools in preparation for charter renewal. Mr. Pasek discussed the timing for developing the renewal, including board interviews.

II. Director of School Quality Report

Update

M. Puccioni provided an update on the girls school, reviewing interim assessment data. M. Puccioni discussed the shift to CCSS. M. Snyder inquired about the plans to search for a permanent principal. M. Puccioni provided an update to the board on the potential shift to the SED performance framework. M. Snyder expressed her support for the clarity provided in the performance framework. C. Bender also expressed his interest in moving forward with the framework in the near term, noting that the change would have to eventually be made. M. Puccioni will draft a letter on behalf of himself and the board to SED to indicate the school's desire to move the framework. The board also discussed the ongoing conversation of the potential charter consolidation across the four schools. C. Bender suggested this be considered by the governance committee.

III. Business Manager Report

Update - Andy Grebe

A. Grebe provided a financial report for the BCS-Girls noting that revenue is running ahead of expectations and that cash on hand is sufficient. A. Grebe reported the findings of the audit. The only thing of note is the ratio required for debt service (bond covenant), he is monitoring this on an ongoing basis. C. Bender also indicated that a management company will work with the school to be sure that this is not a recurring problem.

IV. Closing Items

New Business Executive Session

C. Bender requested the board enter into executive session to discuss a personnel matter. M. Snyder made a motion to enter into executive session to discuss a personnel matter. S. Wallace seconded the motion. The board VOTED unanimously to approve the motion.

Call the Meeting to Order

Ms. Snyder called the meeting to order at 9:00 am.

Public Comment

There was no public comment.

New Business

Ms. Snyder informed the board of former Chairman Bender's resignation. The board discussed the process for moving forward, with a focus on adding new members to reach compliance and communicating changes to SED as part of the approval process for newly elected members. The Albany Charter School Network will assist the board in identifying potential candidates.

Business Manager Report

Mr. Grebe provided the board with an overview of the BC-Girls budget for school year 2014-15. Mr. Grebe noted the more significant changes to the budget around staffing and adjustments to health care provider and employee contribution for benefits. The board inquired about issues related to debt service ratio and impact of staffing changes on instructional time and academics. Ms. Snyder asked about current enrollment projections compared to assumptions built within the budget.

Director of School Quality Report

Mr. Puccioni provided the board an update on the search for a new BCCS-Girls Principal. The Albany Charter Schools Network has been supportive in identifying candidates and assisting in pre-screening. Interviews are underway with the goal of identifying a new principal by July 1. Mr. Puccioni reviewed the school calendar and noted changes. The board inquired about the elimination of the early dismissal on Fridays and how it would impact professional development. Mr. Puccioni noted the strategic calendaring of PD around assessment and planning needs. The board inquired about communication to parents about the changes.

Adjourn Meeting

Ms. Snyder adjourned the meeting at 9:30 am.

Note Definition of FTE:

Full-time equivalent employees equal the number of employees on full-time schedules plus the number of employees on part-time schedules converted to a full-time basis. The number of full-time equivalent employees in each industry is the product of the total number of employees and the ratio of average weekly hours per employee for all employees to average weekly hours per employee on full-time schedules. An industry's full-time equivalent employment will be less than the number of its employees on full- and part-time schedules, unless it has no part-time employees (U.S. Commerce--Bureau of Economic Analysis at: http://www.bea.gov/faq/index.cfm?faq_id=368#sthash.8Rbj89kq.dpuf)
