Name:

# Shapes and colors

Most animals pollinate when they look for **nectar**. Nectar is a liquid found in many flowers. The bright colors and sweet smell of a flower tells pollinators that the flower contains nectar or pollen for them to eat. Flowers that are pollinated at night have very strong **scents** to make it easier for pollinators to find them.

10

The luna moth is a beautiful nighttime pollinator.

What are three traits of flowers that attract pollinators to them?

# Do we need pollinators?

Did you know that more than one-third of the food you

eat depends on pollinators? Pollinators make plants healthier to they can make a lot of food. There are thousands of pollinators. Most vegetables, fruits, and nuts come from plants that were pollinated by insects, birds, bats, and other small animals.

cherries

apples and pears

blueberries

all kinds of nuts

chocolate and hazelnuts

kiwi fruit

## All these foods!

The foods shown on this

page, and many more, come from plants that were pollinated by insects and other animals.

many kinds of vegetables

Grade 2 Module 5 Topic B Quiz

1. Solve the following problems using the vertical method and the place value chart.

a.  $380 + 220$

hundreds	tens	ones

b.  $277 + 633$

hundreds	tens	ones

c.  $243 + 198$

hundreds	tens	ones

d.  $358 + 443$

hundreds	tens	ones

2. Solve using the strategy of your choice.

a.  $138 + 182$

---

b.  $546 + 198$

---

c.  $424 + 288$

---

d.  $398 + 207$

M5 L 13 Day 1:

Read the word problem

A fruit seller buys 90 apples. He finds that 18 are rotten and throws them out. He sells 22 of the ones that are left on Monday. Now, how many apples does he have left?

Check off each thing as we answer!

- Read the question
- Re-read the question
- 
- Circle the numbers and the units: what are the units we are talking about today? \_\_\_\_\_
- How many apples to start? \_\_\_\_\_
- What happened to 18 apples? \_\_\_\_\_
- What happened to the 22 apples? \_\_\_\_\_
- 
- What is the question underline and then write it?

### Scientific Drawing of a Bee

- Create a sketch of your first bee photograph.
- Remember to observe closely before you begin drawing.

## M5 L 13 Day 2:

Read the word problem

A fruit seller buys 90 apples. He finds that 18 are rotten and throws them out. He sells 22 of the ones that are left on Monday. Now, how many apples does he have left?

Check off each thing as we answer!

- Read the question
- Re-read the question
- 
- Circle the numbers and the units: what are the units we are talking about today? \_\_\_\_\_
- How many apples to start? \_\_\_\_\_
- What happened to 18 apples? Are we + or -
- What happened to the 22 apples? Are we + or -
- 
- What is the question underline.
- Now let's draw a diagram to help us! |

Name \_\_\_\_\_

Date \_\_\_\_\_

1. Solve using mental math.

a.  $8 - 6 = \underline{\quad}$      $80 - 60 = \underline{\quad}$      $180 - 60 = \underline{\quad}$      $180 - 59 = \underline{\quad}$

b.  $6 - 3 = \underline{\quad}$      $60 - 30 = \underline{\quad}$      $760 - 30 = \underline{\quad}$      $760 - 28 = \underline{\quad}$

2. Solve using mental math or vertical form with place value disks. Check your work using addition.

a.  $138 - 17 = \underline{121}$

b.  $138 - 19 = \underline{\quad}$

$$\begin{array}{r} 138 \\ -17 \\ \hline 121 \end{array}$$

$$\begin{array}{r} 121 \\ +17 \\ \hline 138 \end{array}$$

c.  $445 - 35 = \underline{\quad}$

d.  $445 - 53 = \underline{\quad}$

e.  $863 - 170 = \underline{\hspace{2cm}}$

f.  $845 - 152 = \underline{\hspace{2cm}}$

g.  $472 - 228 = \underline{\hspace{2cm}}$

h.  $418 - 274 = \underline{\hspace{2cm}}$

i.  $567 - 184 = \underline{\hspace{2cm}}$

j.  $567 - 148 = \underline{\hspace{2cm}}$

# Hermit Crab

Hermit crabs are crustaceans that must live in a shell for protection. They have soft abdomens that the shells protect. They also use their shells to store water to keep their gills moist so they can breathe.

Hermit crabs make good pets that can live from 5 to 15 years. They are nocturnal, which means they move around a lot at night. They are also very social and like

to live in groups.
