Solve using number bonds. You may choose to add the ones or tens first. Write the two number sentences to show what you did.

a.  $56 + 43 = \underline{\quad}$

b.  $22 + 75 = \underline{\quad}$

## 4

the magic pouch

what did the little girl and her  
hound see on top of the mountain?

wh̄y didn't they l̄eave the funny  
house?

what was hangīng on the wall?

the girl walked ōver to the pouch.  
she said, "is there some thiņg in that  
pouch?"

"yes. I am a magic elf. I have  
lived in this pouch for a thousand  
yēars. plēase, would you ōpen the  
pouch and let me out?"

the little girl asked, "how many  
yēars have you lived in that pouch?"

the elf said, "a thousand yēars."

the girl started to ōpen the  
pouch. then she stopped. she said,

“elf, I dōn’t think I should let you out. this is not mȳ house. I should not be hēre.”

the elf said, “this is mȳ house. so plēase ōpen the pouch and let me out. if you let me out, I will give you the pouch. it is magic.”

the girl touched the pouch. she asked herself, “should I ōpen this pouch and let him out?”

5

the magic pouch

what was inside the pouch?

how many years had the elf lived  
in the pouch?

the little girl said to herself,  
“should I open this pouch?” she  
looked at the pouch. then slowly she  
opened it. out jumped a little elf,  
no bigger than your foot. the girl’s  
hound went, “owwww.” then the elf  
jumped all around the room. he  
jumped on the table and on the  
floor. then he ran up one wall and  
down the other wall. he even ran  
around the hound. “owwww,” the  
hound yelled.

“I’m out. I’m out,” the elf  
shouted. “I lived in that pouch a

thousand yēars and now I'm out."

at last the girl's hound stopped  
gōing "owwww." the elf sat on the  
tāble and said, "I thank you very  
much. plēase tāke the magic pouch.  
but be cāreful. when you are good,  
the pouch will be good to you. but  
when you are bad, the pouch will be  
bad to you.

## 6

the magic pouch

the elf told the little girl, "when you are bad, the pouch will be bad to you."

the girl picked up the pouch. she said to the elf, "I have been good to you. let's see if this magic pouch will be good to me."

she reached inside the pouch and found ten round rocks that shine. "these round rocks are gold," she shouted. "I'm rich."

so the girl thanked the elf for the pouch.

then the girl and her hound started down the tall mountain. they went down and down. they went into the clouds. when they left the

clouds, the girl could see the ground. down and down they went.

when they rēached the bottom of the mountain, the sun was setting. it was getting lāte. the girl was tīred. but she ran to her house.

her mother met her at the dōōr. she said, “wherē werē you? your father and I havē lookēd all around for you.”

the little girl did not tell her mother wherē she went. she said, “I went to slēēp in the grass. I just wōke up.” she tōld a līe, and that was bad.

the magic pouch

did the little girl tell her mother  
where she was?

what did she tell her mother?

what does the pouch do when you  
are bad?

the girl's mother looked at the  
pouch. she said, "where did you get  
that pouch?"

"I found it on the ground," the  
little girl said. she told another lie.  
"but mother, there are ten rocks of  
gold in this pouch. we are rich."

she reached in the pouch and took  
something out. but when she looked,  
she saw that she was not holding  
gold rocks. she was holding yellow  
mud. her mother said, "you are not

funny. we are not rich. but you are  
dirty. go clēan your hands.”

the little girl got a rag and trīed  
to rub the yellōw mud from her  
hands. but it would not come from  
her hands. she rubbed and rubbed,  
but the yellōw mud stāyed on her  
hands. her mother trīed to get the  
mud from her hands, but she could  
not do it.

then the girl started to crȳ.
