Lessons Learned - What Will Continue?

A residual impact of the 2020-21 COVID pandemic is that many students will be recovering from COVID learning loss for additional years. This recovery can be best measured by viewing his or her NYS scores on a yearly basis. For any questions related to your individual child's academic growth and achievement, please contact any of your child's teachers and we will be happy to sit with you to discuss.

Family Engagement

How can our families best engage with their school?

Monthly board meetings are a great way to participate in your child's education. These meetings are open to all and we offer opportunities for public comment at each meeting. We hope to see you at an upcoming board meeting - however families are always encouraged to attend our parent/teacher conferences, or contact our school for other opportunities to participate in their child's education.
